

National Meeting
September 12 & 13, 2008
RE meeting and governors meeting combined

The RE's met Friday night in St. Louis.

First item of discussion was regional realignment which is somehow floating out there. At this time there is no realignment on the agenda. Remember that must have 10 clubs and 400 members or 500 primary members.

Out of the RCD meeting we looked at the distribution of the new handbook (rule book for some). With a standing rule change mailing of the handbook could be sent electronically.

From the finance committee and our representative: Allen Morris, who stated that the 2007 audit has been completed on the books. Everything looks good. The auditors also thought that the storage facility we have for records is a good idea.

It was apparent that we have not been paying income tax on advertising from the different companies, which we will now have to do.

Mileage has increased to 58 ½ cents for attendees to the national meeting. The budget for 2009 shows a \$91,000 negative

There will also be an increase on membership perks in the budget since is the 50th anniversary in 2009 and members will be receiving luggage tag, 2 membership cards plus the 50th card and 4 patches (2 regular and 2 50th).

Allen also brought up that Emory the bartender in Tulsa should get a plaque due to such excellent service at the Tulsa Convention

Also he stated that Deb Murphy can not receive any info by mail or phone till after October 1st due to her move to Florida. If you must reach her go thru website.

The NCCC budget has increased due to advertising of NCCC in the Corvette Quarterly and Corvette Forum.

FOR ALL SW GOVERNORS: the RE's would like to know if you want to continue having a Newsletter contest. Although the ones turned in are very informational, the numbers are dwindling for entries. We were down to 7 for 2008. Just let me know if you feel we should continue this or not. Thanks
