

**SAN JACINTO CORVETTE CLUB, INC.
AND
LONGHORN CORVETTE CLUB, INC.
PRESENT**

2009 - TEXAS FLY'N START

**14 Event Speed Weekend
April 3,4, 5, 2009**

The members of San Jacinto Corvette Club and Longhorn Corvette Club invite you to join us at Grand Sport Speedway in Hitchcock, Texas, for a 14 event weekend with 7 *Texas Low Speed* and 7 *High Speed*. For those unfamiliar with the track, this is Texas's most historic racing facility, dating back to the 60's and John Mecom's racing stables, which included the Corvette *Grand Sport*. The 1.3 mile Mako Circuit offers probably the best paved surface of any track in Texas and we plan to offer several challenging course configurations. Check out the video at www.grandsportsspeedway.com.

This is another **NO FRILLS** event and no awards will be presented.

Lunches will be provided for entrants and workers on Friday, Saturday, and Sunday.

Lodging: A block of rooms has been reserved at the Comfort Inn, 320 TX 146, Texas City, Texas 77590. A special rate of \$79.99 has been made for "the Corvette club." To make reservations call 409.945.5300. Reservations must be made no later than March 20, 2009. There is **minimal** trailer parking at the hotel; cars, trailers, and motor homes will be allowed over night at the track

Registration and Tech: Thursday, April 2, 2009, registration and tech will be held from 6:00pm till 8:00pm at the host hotel and Friday at the track beginning at 8:30am till 5:00pm. Please try to arrive early enough Friday to register and tech at the track if you are not running "Tune and Test". Registration will be held from 6:30pm till 8:00pm Friday evening at the host hotel. There is **no scheduled** tech for Friday or Saturday nights. **Tech sheet will be handed out at registration.**

Hospitality/Dinner: A room has been reserved at the host hotel for registration and hospitality for Friday night. Snacks, soft drinks, wine and beer will be provided. Saturday night dinner will be at "Back 40." An evening everyone will remember.

Tune and Test: Arrangements have been made securing the track for Friday April 3, for a "Tune and Test" day. Cars will be divided into run groups of drivers with similar experience. Track gates open at 8:00am and registration will be held in the administration building. Driver's meeting is scheduled for 9:00am followed by a course drive-thru.
