- Section 1: After you type in your NCCC number in section 1 it will populate your data; for each entrant.
Note: The NCCC Member should contact their Governor if they wish their name in the database to be different than current.
- Section 2: You will need to select your Corvette year information.
- Section 3: You will register for all or part of the event. There are two samples shown below, showing examples of entering online registration for an event.
 - With **Early or Late Registration**
 - **Per Event Registration**
 - Additionally, these examples show options for adding options for add-ons for the event, like dinner.

NCCC Online Registration

Early or Late Registration Example

If you want to take advantage of the **complete event package option** for this event, **ONLY** check the single entry (per entrant) on the screen (early or late depending on the date); it will register you for all autocrosses.

In this example, there is a Saturday night dinner option. If wish to register for those, check the boxes accordingly (for as many people that wish dinners) as well. If you had the two entrants plus two kids, you would need a total of four dinners checked – doesn't matter which side of the screen.
