Hallett HST (High-Speed Touring) for Corvettes May 12, 2017

Southwest Region of NCCC has its annual timed-high-speed event at Hallett May 13-14, 2017. This year Hallett officials have been asked by several NCCC members if we could host an HST day Friday, May 12, 2017.

This is what we came up with: MUST have a minimum of 10 committed to the Friday event. We can make this HST happen only with 10 experienced drivers @\$300 (or 15 @\$250 or maximum of 20 @\$200). Same format and rules as we use at all Hallett's private HST days: required morning meeting, no more than five cars on track at a time; a small crew of workers, no ambulance on site, a wrecker only if needed (\$50/ incident), passing on the straights only, etc. If at least three Driver Education students are interested, we will hire an instructor and have a special DE group that day. HST is another \$50/student and will include a DVD and a HST license.

No NCCC membership fees are necessary for the lapping sessions; however, you will need a current High Speed Touring license from Hallett or another similarly sanctioned venue approved by Hallett officials. Be sure you have long-sleeved cotton shirt and long pants, closed toe shoes, SNELL certified helmet, good brakes and tires. Each driver is required to sign a release of liability and a medical release with Hallett as well as complete and sign a tech sheet completed by self or his/her qualified mechanic. A current tech sticker for your sanctioning group can be accepted for the track day.

If interested in the May 12 track day, please contact connie@hallettracing.net ASAP (no later than 1st April) and she will email you the entry, tech form, and schedule for the day.
