Cowtown Vettes Valve Cover Drag Racing 2026 Rules and Information

2026.2 **QUESTIONS:** Contact cell James Swaringen (817) 832 - 9812 - ncccevents@cowtownvettes.org

You can either build your own Valve Cover Drag car or use one of the club's cars. If the number of participants exceeds the number of available club cars, sharing will be necessary, and you may need to switch cars between races.

RULES for the Valve Cover Drag Racing Car (from 2025 NCCC Convention)

- The valve cover must be from a Chevy Small or Big Block V8 and must be identifiable as a valve cover.
- Maintain the factory gasket's edge-sealing surface.
- It can have a chassis, but nothing may extend beyond the gasket surface in front of the car.
- The centerline of the rear wheels may not extend beyond the gasket surface at the rear of the car.
- **WHEELS:** There are a maximum of 4 wheels, either inside or outside of the valve cover, just not in front of the car. Wheels must be non-metallic (like skate wheels).
- **Power:** Gravity-powered only; no motors, springs, external propulsion, or moving weights.
- Must be clean (no sludge, dripping oil or grease)
- **Dimensions**
 - Max Length = 26"
 - Max Width = 10"
 - Max Height = 9"
 - Max wheel diameter = 4"
 - Max weight = 8 lbs (official digital scales at the event will govern)
 - Minimum 1/2" clearance to the bottom of the race car

Track Description

- Lanes are 11" wide, with a 2" tall border on the outside to hold your car in place.
- The starting section will be an 8' Section at about 15 degrees down to the
- level 16' section of the track
- Sensor at the end to determine the winner (1" above the track)
- There is a drag racing tree to start the race:
 - Button to stage press and HOLD. Once both are staged, 2nd light will light and start the race
 - 3 yellow lights, then a Green Light
 - After the green light, release the button to release your car.
 - If you release too soon, you will be red-lighted, and a 5-second penalty will be imposed before your car is released

Drag Race Scoring

- This will be done as a Funkhana. All Drivers and Navigators will get into the team's Corvette between
 - Car sanction event 8, 9 car 10, 11 car 12, 13 car 14
- Working on a bracket-style racing and round robin after the out-of-bracket
- Entrants will stage their own cars on the track
- The winner is the First car to cross the finish line or went the farthest
- Win the race, and you get 1 point; lose the race, and you get 0 points.
- Everyone will race the same number of times per sanction, depending on the number of people.
- Will add your team's Driver and Navigator's score together to get the Team's score.
- The tiebreaker will be a Brack-style race among the tied teams. Teams will choose the car and driver.
- For NCCC Points, standard Funkhana Classes will be scored on teams.
